STAT

I was very pleased to hear that you have agreed to serve on the recently established DCI Advisory Commission on Counterintelligence Analysis. Ensuring that our nation has a strong counterintelligence capability against hostile intelligence threats ranks among our most important tasks. We have a number of significant initiatives underway to strengthen that capability. I plan to turn to the Commission for advice on whether or not we are on the right track and how we might improve.

John Bross, who has agreed to serve as Chairman, will be getting in touch with you on the details of getting this effort underway.

Thank you for helping us in this important endeavor.

Sincerely,

A handwritten signature in dark ink, appearing to read "W. J. Casey".
